

# The merchant SCR solution

A simple way to fleet appreciation

## benefits

- **IMO Tier III** emission compliance
- Highest catalyst lifetime
- **Certified products** and **certification services**
- **Tailor-made design** for both first fits and retrofits
- **Global service** and spare parts supply

## technical description

- **Air assisted dosing system** for long-term reliable operation
- 100% Gastight in bypass operation under HFO to maximize catalyst lifetime
- **Complete set of auxiliaries** process equipment
- **Catalyst of different geometry** and formulation for customized layout
- **Flexible design of mixing pipe** and converter to fit complex engine room geometries

## applications

- Merchant vessels
- Medium speed Gensets

innovation

RFQ ready

In production

## certifications

**Compliant**
